Figure 2

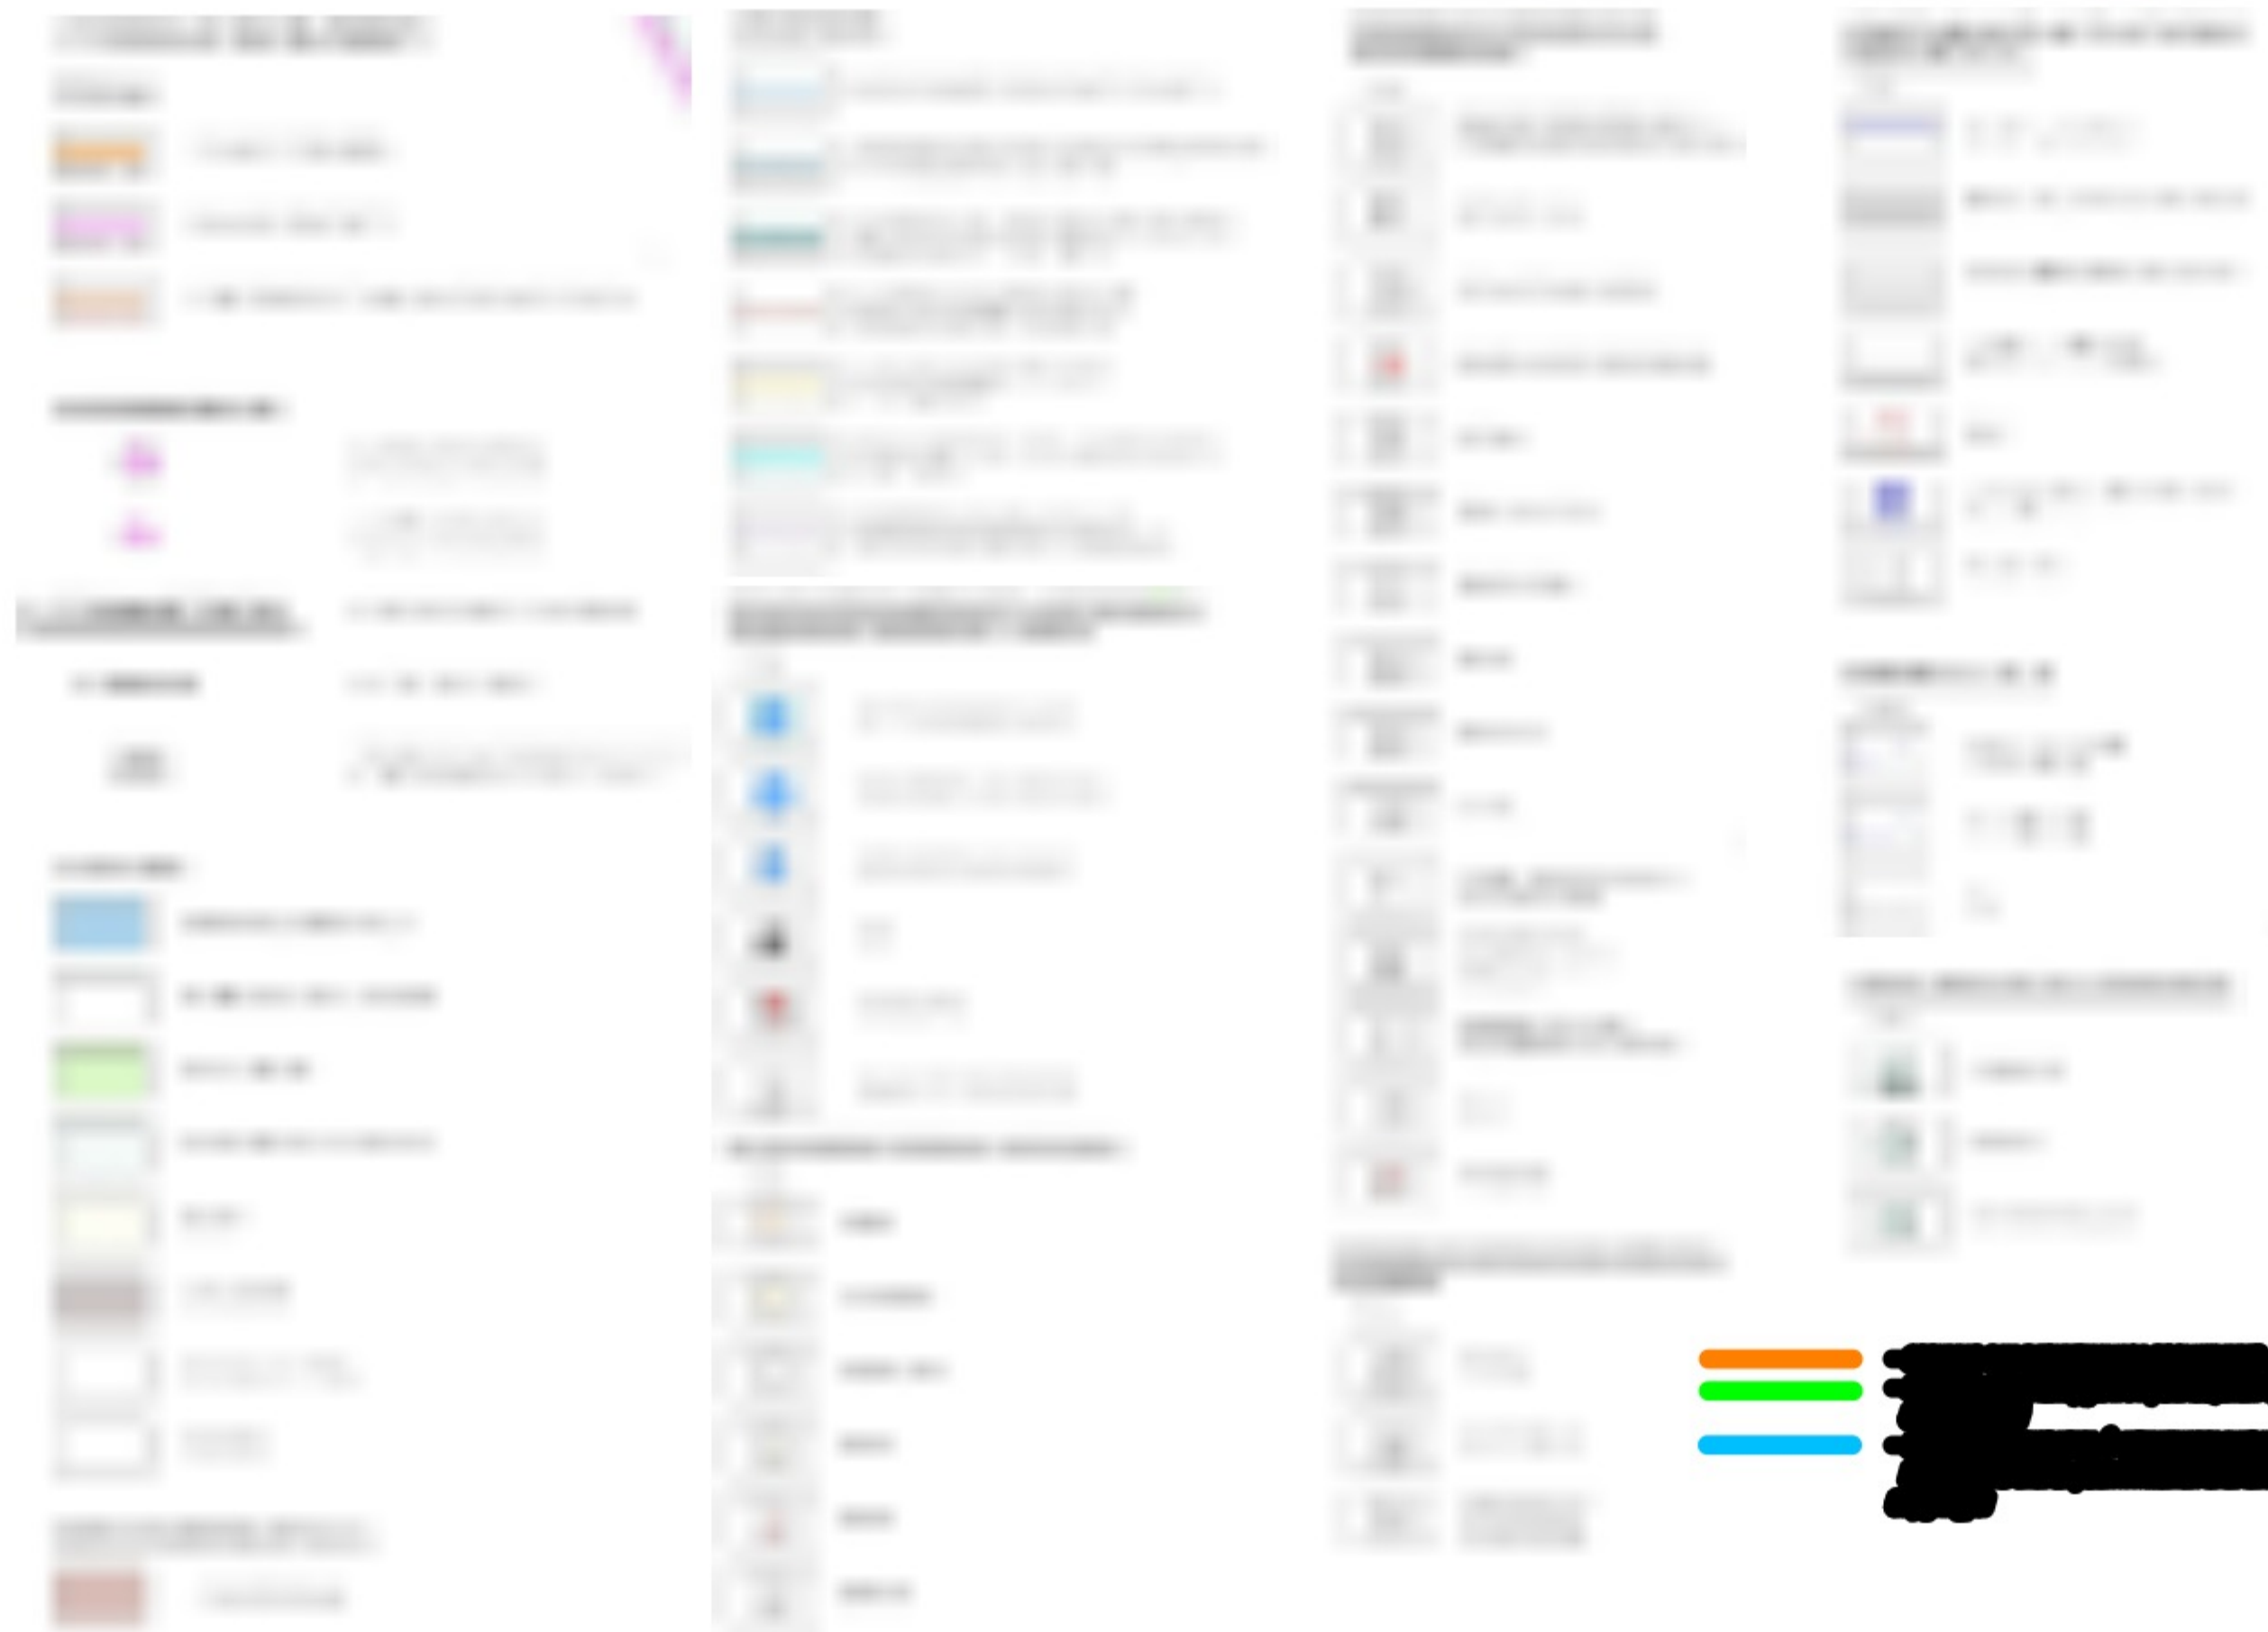

Figure 1 shows the location of the study area within the larger context of the region. The study area is located in the central part of the region, bounded by the coastline to the south and the city center to the north. The map shows the distribution of land use, water bodies, and vegetation. The legend indicates that the orange areas represent urban land use, blue areas represent water bodies, and green areas represent vegetation. The map also shows the location of the study area within the larger context of the region.
